公司簡介: Xelay Acumen 是一間 strategy and management consulting firm based in San Francisco Bay Area, 在台灣設立子公司, 預計將招募 10 位 Analysts - Analytics and Information (全英語) (對象為 new graduates), 以下為簡要工作介紹, 因為我們的面試有很多關, 所以請有興趣的朋友們盡快申請!

The Analyst role is a full-time position to support strategic analyses of clinical, medical, and market data within the biotechnology, pharmaceutical, and healthcare provider industry, and collaborate with team members to accomplish project engagement goals and objectives.

Analysts tackle the most advanced and difficult problems our clients face that drive bottom-line financial returns and create tremendous value, including

- Conducting clinical trial data analytics and design
- Supporting medical publications with novel analyses
- Understanding and shaping new markets
- Framing new business and medical treatment models
- Assessing specific competitors' performance
- Performing due diligence
